

# Al Rahman Masjid Extension — Donor-Optimized Layout

Goal: \$2,150,000 by Aug 31, 2026 · Principle: motivate before you ask, ask before you collect

## RECOMMENDED PAGE FLOW

1HERO

Headline + photo of YOUR community

Donate Now

secondary text link: "or pledge →"

2THE ASK + LIVE PROGRESS

\$2.15M goal · \$ raised · # donors · deadline

ADD

3WHY NOW (urgency)

500+ at Jumu'ah · parking · condo pressure

4THE VISION

Two locations · 7.5 acres · renderings

5GIVING TIERS

\$100 = a brick \$1,000 = a window \$25,000 = a classroom

ADD

6SOCIAL PROOF

Donor count · testimonials · imam endorsement

ADD

7TRANSPARENCY

Phases 1 & 2 · Shariah compliance

8PAYMENT METHODS

PayPal · Zelle · Apple Pay / CashApp / ACH

MOVE ↓

9FAQ

Minimum? · Shariah? · On behalf of others?

10FINAL CTA

Donate Now

★ Matching challenge

"A donor will match the next \$50,000." Matching reliably lifts both conversion and average gift.

The core problem: the current page shows **how to pay** (PayPal/Zelle) at position 3 — before the donor is motivated, and before the \$2.15M ask itself. Donors decide emotionally, then act. Reorder so logistics come *last*.

## TOP 5 HIGH-IMPACT CHANGES

| PRI | CHANGE                                     | WHY IT RAISES MONEY                                                                           |
|-----|--------------------------------------------|-----------------------------------------------------------------------------------------------|
| 1   | Live progress bar raised / goal / # donors | Single biggest driver of online giving — shows momentum & builds deadline urgency.            |
| 2   | Move payment methods to bottom             | Removes friction-before-motivation. Logistics belong after the decision is made.              |
| 3   | Suggested giving tiers                     | Make "every dollar is a brick" literal. Anchoring raises the average gift size.               |
| 4   | Single primary CTA                         | "Donate" & "Pledge" compete equally today. Bold Donate; quiet, secondary Pledge link.         |
| 5   | Social proof                               | Donor count + 2–3 testimonials + named endorsement build trust. People give when others give. |

## TWO MORE BOOSTERS

Use real photos of people

The page leans on architectural renderings. Add your actual congregation — Friday crowds, children, the packed lot. Renderings sell the future; people give for the community they belong to *now*.

Keep the spiritual anchors

The Qur'an (9:18) & hadith references and "sadaqah jariyah" framing are strengths — pair each with a concrete impact line so emotion converts to action.

## WHY THE ORDER WORKS

| DONOR MINDSET            | SECTION THAT ANSWERS IT              |
|--------------------------|--------------------------------------|
| "Does this matter?"      | Hero + Why Now (urgency)             |
| "Is it real / on track?" | Progress bar + Social proof          |
| "What will my gift do?"  | Vision + Giving tiers                |
| "Can I trust them?"      | Transparency (phases, Shariah) + FAQ |
| "OK — how do I give?"    | Payment methods (last) + Final CTA   |
